## Onepager

OWNR Wallet is a private limited company based in Estonia. Our team of dedicated IT professionals was formed in 2018 and consists of specialists with background in fintech, cybersecurity, cryptocurrencies, and marketing.

We are developing a multi-asset crypto-ecosystem which includes a multifunctional HD wallet, in-app cryptocurrency exchange, and Visa cards prepaid with cryptocurrency.

## ★ Features

- Purchase of crypto with credit and debit cards (Visa/MC/UnionPay), SEPA transfer for EU (buying/selling)
- 7 coins supported (BTC, BCH, ETH, LTC, DASH, DOGE, ZEC)
- All the ERC-20 tokens including Tether (USDT) and other stablecoins are supported
- Transaction status notifications
- 24/7 technical support available in the app
- SegWit for swifter transactions and lower fees (BTC and LTC)
- Widgets to monitor cryptocurrency price spikes for Android and iOS
- Different seed phrase length (12/15/18/21/24 words)
- Annual and lifetime affiliate program with the option of monitoring activities and payouts right in your account
- Customizable fees for sending crypto

## 📷 Visa Prepaid Cards

- Order a prepaid Visa card in OWNR Wallet app
- Virtual Visa cards
- Prepaid card issuance for large corporate clients. White-label turnkey solutions providing for own design, fees and limits, API integration, etc.
- Visa gift cards with instant delivery
- Pay in online and offline stores
- Replenish the card balance with cryptocurrency in an instant
- Withdraw EUR from ATMs worldwide
- Free delivery to almost any country in the world

## ↔ Built-in OWNR Cryptocurrency Exchange

- No dependency on third party services
- Key assets available for exchange: BTC, ETH, USDT, DASH, ZEC, LTC
- API integration is available for an instant exchange and creation of your own white-label solutions
- Fees adjust automatically for the exchange to complete faster
